How cute is this doggie apron? Made by Crypton Fabric, a West Bloomfield, Mich., company, it's \$30 and available in a variety of colors.

Like the pattern, but not in need of an apron? The company also sells colorful pillows with the doggie silhouette (they're 18-by-18 inches and also are \$30).

Crypton Fabric sells darling doggie beds, too, starting at \$99. The fabric is stain-, moisture- and odor-resistant.
