CONSIDER THIS SPLURGE**

Crypton Fabric

How cute is this doggie apron? Made by Crypton Fabric, a West Bloomfield company, it's \$30 and available in a variety of colors. Like the pattern, but not in need of an apron? The company also sells colorful pillows with the doggie silhouette (they're 18-by-18 inches and also are \$30). Crypton Fabric sells darling doggie beds, too, starting at \$99. The fabric is stain-, moisture- and odor-resistant. To shop online: cryptonfabric.com
